DBK

Groningen,
Netherlands

Jul 2017 — Feb 2018

Moving from Egypt to the Netherlands was a very good challenge to test my skills, and after a long trip, I finally arrived in Groningen city at the north of Netherlands, I got inner challenge and passion to prove to myself that, I will pass every challenge they give it to me, and.

Yes, I made it, after the 3rd week I've proven to be a hard worker in both front-end and back-end development, almost Mastering Laravel short-time while with take responsibility for remake Karreer mobile in ionic 3 and working as Lead Programmer in Karreer Project

Skills :

- Front-End Development : HTML 5 , CSS3, SASS, Javascript, jQuery, Angular 2+, ionic3

- Back-end Development: Laravel, WordPress, REST API

The Creative Zone

Cairo , Egypt

Dec 2014 — Jun 2017

What I can say, The Creative Zone was a very good starting point to Starting off my career, as a Full Stack Developer I learned a lot while working for this amazing company, I can't call it a company, it is a family for me: at the beginning, it took me 1 week just for designing and developing static pages and now it takes almost couple of hours! That was most of the work at the 1st year besides building websites from scratch, the 2nd year started by boosting my skills with WordPress Development, besides some Social Media Marketing and SEO

Skills :

- Front-End Development : HTML5 , CSS 3, SASS, Javascript, jQuery, Angular 2
- Back-end Development: Laravel, WordPress, Codeigniter, WooCommerce
